EDUCATION

Vellore Institute of Technology, Bhopal
B.Tech in Computer Science and Engineering
TECHNICAL SKILLS

2023 – 2027
CGPA: **9.01**

Languages	C++, Java
Web Technologies	HTML, CSS, React.js, Node.js, JavaScript
Databases	MySQL, MongoDB

PROJECTS

SkillsSprint AI – Opportunity Discovery & Skill-Gap Platform 🌐

Tech Stack: MongoDB, Express.js, React, Node.js, Google Gemini API, JWT

- Built a MERN stack platform that helps Indian college students discover internships, hackathons, scholarships, and fellowships using AI-powered search.
- Integrated GitHub to analyze user repositories and extract technical skills, and added a resume analysis feature to check ATS compatibility.
- Built a skill-gap analysis feature that compares a student's skills against opportunity requirements and flags missing keywords to improve application readiness.

RepoDNA – AI-Powered GitHub Repository Analyzer 🌐

Tech Stack: MongoDB, Express.js, React, Node.js, Google Gemini API

- Built a full-stack MERN application that analyzes GitHub repositories using Google Gemini AI to generate code quality insights and architecture summaries.
- Designed the backend using Express and MongoDB to store repository data and manage AI-based analysis requests.
- Built the frontend in React to display repository insights in a clear, easy-to-understand format for users.

StudentSathi – One-Stop Digital Guide for Student Empowerment 🌐

Tech Stack: MongoDB, Express.js, React, Node.js

- Built a MERN stack platform that gives students information on government schemes, scholarships, ID documents, and certificates through simple step-by-step guides.
- Connected the frontend to a backend database so scholarship and scheme information comes from real, verified sources instead of placeholder data.
- Added search functionality so students can quickly find relevant schemes and scholarships based on their needs.

EXTRACURRICULAR

Content Writer & Co-Lead, Blockchain Club

Dec 2024 – Present

- Create technical articles, social media content, and promotional material for the club, and contribute to content planning and team coordination.

CERTIFICATIONS

Microsoft Certified: Azure Data Fundamentals (DP-900) – Microsoft

- Learned the basics of how data is stored and used in the cloud, including relational databases, SQL queries, and Azure SQL.
- Learned the basics of data analytics on Azure, including data warehousing and tools like Azure Synapse and Azure Data Factory.

NPTEL: Marketing Analytics – IIT Kharagpur

- Scored 97%, achieving an Elite + Silver certification and ranking among the Top 5% of learners.
- Learned marketing analytics concepts including customer segmentation, predictive analytics, and data-driven decision making.
